**Subject: Appreciation and Encouragement for
Exemplary Services in Addressing Sickle
Cell Anaemia in Vidarbha Region**

Dear Trustees,

It gives me immense pleasure to write appreciation letter for the real contribution of trust in empowering the persons with disabilities, particularly persons with Sickle cell anemia.

The Trust's dedicated efforts have played a pivotal role in bringing attention to the challenges faced by individuals affected by Sickle Cell Anaemia, a debilitating genetic disorder that impacts thousands in our state. By advocating its cause, you have helped pave the way for greater access to support services, benefits, and inclusive policies under the Divyang Kalyan framework. Furthermore, your proactive programs in screening high-risk populations, raising community awareness through educational campaigns, and facilitating effective management strategies have undoubtedly saved lives and improved the quality of life for many families in Vidarbha. These initiatives align with the Government's

mission to empower persons with disabilities and promote health equity across Maharashtra.

The Government of Maharashtra commends your unwavering commitment, innovative approaches, and collaborative spirit in partnering with local communities, healthcare providers, and stakeholders. Your work serves as a beacon of hope and inspiration, demonstrating how grassroots organizations can drive meaningful change in addressing public health issues like Sickle Cell Anaemia.

We encourage you to continue and expand these vital services, and we assure you of our full support in your future endeavors. Together, we can further strengthen our efforts to eradicate the stigma associated with such conditions and ensure comprehensive care for all affected individuals.

Thank you once again for your selfless service. We look forward to ongoing collaboration for the betterment of our society.

Yours sincerely,

(Tukaram Mundhe, IAS)
